## PROFILE SUMMARY

Full Stack Software Engineer specializing in Java, Spring Boot, and React.js. Developed Academic Toolkit and E-Commerce at TAP Academy and responsive Event Management Systems at Rooman Technologies. A Computer Science graduate with an 8.8 CGPA, possessing technical expertise in Data Structures, Algorithms, Cloud Computing, Computer Networks, and OOPS. Focused on the integration of Tailwind CSS frontends and RESTful API backends.

## SKILLS

**Programming Languages:** Java, JavaScript, Python.

**Frontend Technologies & Libraries:** HTML5, CSS3, Tailwind CSS, Bootstrap 5, React.js.

**Backend:** Spring, Spring Boot, Hibernate, JDBC, JSP/Servlets, REST API.

**Databases & Tools:** MySQL, Git, GitHub, VS Code, Eclipse

## PROJECTS

- Event Handler Pro Management** – *React.js, Tailwind CSS, Node.js, Express, MySQL.* **Live Demo**  
Built a complete Event Management System with 100+ event listings, pages, budget estimation, decoration layouts, and interactive elements. Formulated a search and multi-layer filtering to categorize listings.
- Tech Academic Toolkit** – *React.js, Tailwind CSS, JavaScript, HTML5, CSS3, UI.* **Live Demo**  
Created a resource website for students that provides a comprehensive repository of resources, including 300+ study materials, YouTube channels, practice challenges, and interview guides.
- Universal E Commerce Plaza** – *Java, JSP, Servlets, JDBC, Hibernate, MySQL, HTML5.* **Live Demo**  
Designed a full-stack e-commerce digital marketplace web application that implemented features like user registration, a 50+ shopping cart, shopping cart, order placement, and admin panel.

## EXPERIENCE & INTERNSHIPS

- Full Stack Developer Intern | TAP Academy** Jan 2026 – Present
- Implemented 5+ full-stack applications using JAVA, Spring Boot, Hibernate, MySQL, REST APIs, responsive React components and followed clean coding practices to enhance the overall user experience.
  - Enhanced backend modules to implement secure authentication, and improve page load speed.
- Application Developer Intern – Web & Mobile | Rooman Technologies | Link** May 2025 – July 2025
- Assisted in designing, developing, testing, and deploying 3+ web and mobile applications, in collaboration with IBM, Nasscom, NSDC, and Skill India, ensuring smooth API-based frontend–backend integration.
  - Utilized version control systems and collaborative tools to manage 70% of project tasks and code integrity.
- Software Engineering Intern | YBI Foundation | Link** Jun 2024 – Aug 2024
- A 2-month Python Programming Internship at YBI Foundation (ISO 9001 Certified) allowed me to master core concepts and apply them to real-world projects, showcasing problem-solving abilities and dedication.
  - The control flow logic and data structures such as lists, dictionaries, and sets to develop 60% of Python scripts.

## CERTIFICATIONS

The Java Language | Coursera | **CERTIFICATE**  
MS Office Course | Udemy | **CERTIFICATE**  
Data Structures and Algorithms using Java | Infosys Springboard | **CERTIFICATE**  
Foundation of Artificial Intelligence | Microsoft Initiative (AICTE) | **CERTIFICATE**

## ACHIEVEMENTS

**Front-End Fusion Winner** – Secured 1st Prize at PRESTO 2K25, a national-level competition. **CERTIFICATE**  
**Technical Workshops** – Gained technical proficiency in Python, Java, C, and Machine Learning through 20+ workshops.  
**TCS ION Career Edge** – Achieved certification of Young Professional program, demonstrating mastery of essential professional skills like communication, presentation, interview techniques, and technical proficiency. **CERTIFICATE**

## QUALIFICATION

<b>B. Tech in Computer Science Engineering</b>   Sri Venkateswara Institute of Technology	CGPA: 8.8/10   2022 – 2026
<b>XII (Board of Intermediate Education, AP)</b>   Sri Sai Krupa Junior College	CGPA: 9.4/10   2020 – 2022
<b>X (Board of Secondary Education, AP)</b>   Layola English Medium High School	CGPA: 9.2/10   2019 – 2020

## LANGUAGES

English

Telugu
